

## **BOWL AMERICA TO REPLACE AGING FACILITY**

Bowl America Incorporated has reached agreement to exchange its Falls Church bowling center for a similarly sized center to be constructed elsewhere in Falls Church by Atlantic Realty Companies Incorporated. Atlantic will raze the existing center to redevelop the property. Bowl America Falls Church opened in January 1960. The new facility, which will be patterned on Bowl America Short Pump near Richmond that opened in January 2006, will have two levels of indoor parking. The transaction is contingent on a variety of local approvals, and the exchange will only take place upon the completion of the new center.
