Eight TNBA youth members enjoy weekend of instruction at ITRC

ARLINGTON, Texas – The National Bowling Association (TNBA) Youth Weekend returned to the International Training and Research Center (ITRC), providing eight student-athletes, including two NCAUSBCA members, with the unique opportunity to receive instruction and train at the world-class facility.

The event, created through a partnership between the United States Bowling Congress and TNBA more than a decade ago, took place this year from August 15-17.

Over the course of the three-day program, players received on-lane training and participated in drills and classroom sessions with the ITRC staff. Participants also had the opportunity to hear from guest speakers and tour the ITRC and the International Bowling Museum and Hall of Fame.

TNBA and USBC have worked together on a concept called the TNBA/Team USA Youth Bowling Program, and this year marked the 13th time the TNBA Youth Weekend event has taken place since its inception in 2010. The event ran consecutively for 10 years before being paused due to the pandemic in 2020 and 2021, then picked back up in 2022.

Among this group are two active nonagenarians, Harold Webb, 92, and Mildred Stewart, 90, who appear after competing in the Moon Strikers league at AMF Capital Plaza and who bowl in three and two leagues, respectively.

PRESIDENT'S MESSAGE • SAMUEL WOLDE

Good competition, the thrill of a strike, and much, much more

Welcome back, bowlers!

It's that time of the year again where we dust off those bowling shoes and get ready to hit the lanes. Most of us are in the beginning weeks of league and are ready to experience another exciting season, so let's take a moment to remember why we all fell in love with this sport in the first place: the pure joy of bowling.

Sure, we all love good competition and the thrill of a strike. But before we get caught up in scores and averages, let's remember to keep the fun, front and center.

... let's remember to keep the fun, front and center

Here's a friendly reminder to:
➤ Embrace the laughs: Bowling is a social game! Enjoy the camaraderie, celebrate each other's successes, and laugh off those gutter balls together.

➤ Celebrate the small victories: A spare, a new personal best, or even just a clean release—find joy in every step of your bowling journey.

➤ Remember why you started: Was it the challenge, the social connection, or simply the satisfaction of knocking down pins? Reconnect with that initial spark!

As a reminder, your league officers are an integral part to a successful season. If there are any questions or concerns, we here at the local association are always willing to help.

➤ League Presidents: Make sure to keep open communication with your fellow executive officers and bowlers. Make sure to do those audits early; don't wait until the end of the season.

➤ Secretaries: Submit those honor score achievements, and let's celebrate these bowlers for their hard work and efforts.

➤ Treasurers: Keep accurate records, and stay on top of your bowlers.

A few things to keep we are pleased to be hosting two more tournaments before the end of

the year. Our 42nd Annual Senior Tournament, which will run three weekends beginning October 26. Entries are open, and the tournament will be held at AMF Waldorf.

There will also be the 14th Annual Mixed Tournament in Support of BVL, which will run the first three weekends in December at Bowl America Shirley. So grab your teams, and come out for a great competitive time.

In closing, I want to thank you for trusting me to be your president. I am here for you with any support you need, so let's make this season the best yet, filled with strikes, spares, and most importantly, smiles.

See you on the lanes!

MANAGER'S MEMO • RONALD MCGREGOR

New season looks promising in the early weeks

The 2024-2025 season is off to a fine start judging by the number of league applications that has made their way to our office. About a third of the memberships purchased so far this season were done online using USBC's service. New this season, in addition to the fee, is the ability to purchase a local membership.

As a reminder, bowlers still need to fill out a membership application card in each league they bowl. Bowlers need to make sure their address infor-

As a reminder, bowlers still need to fill out a membership application card in each league they bowl.

mation is accurate. USBC membership cards and any honor awards will be mailed to the address on file.

We are processing leagues as fast as we can, and once we get bowlers into the leagues, we will start processing awards. Our NCAUSBCA.org site has the revised the awards program listed. Please update your CDE software. Bowlers of all average groups can earn an award. Make sure you turn in the award requests promptly.

Thanks to those secretaries who turned in the worksheet along with the rest of the required information. The "Secretary of the Year Award" committee will have a few candidates to consider.

NCAUSBCA's 42nd Annual Senior Tournament will be

held at AMF Waldorf beginning October 26-27 and running three weekends. Judging by the entries coming into the office, this should be a can't miss affair.

The Mixed Tournament in Support of BVL will be at Bowl America Shirley the first three weekends of December. Please get your entries in early. Spots are filling up fast.

For the late risers, not to worry, there is an afternoon squad with fresh oil each day. Please visit ncausbca.org for

entry forms and more information regarding this and many other topics of interest to each member.

Some leagues are already five or more weeks into the season. Has a prize list been approved? Recommendation is that this be done by week five. At least one audit should be conducted during the season to ensure prize funds are properly accounted for and that the prize money you voted for there will be available at season's end.

We can never be sure what the weather will bring. Are you prepared to handle makeups, pre-bowls (if allowed)? Some centers have limited lane availability outside of your normal schedule. Team cap-

Applications were sent to TNBA youth members between the ages of 15-18. As part of the application process, players were asked to submit a video, showing their bowling style from different angles, along with a resume of their accomplishments. This year's eight participants were selected from that pool of TNBA youth program

applicants and included three girls and five boys, including two NCAUSBCA members from Maryland — Sydney Smoot of Glen Burnie and Michael Jones of Laurel.

were USBC Director of Coaching Development Stephen Padilla and ITRC Coach Lou Marquez, with assistance from Tom Nassar of USBC's Equipment and Specs team, and the Wicks Pro Shop.

Professional Bowlers Association champion and Team USA member AJ Johnson was a guest speaker, and the attendees hung on every word as Johnson provided advice and direction to them.

During the weekend, an emphasis was placed on individual instruction to develop both the physical and mental game. The instruction included the use of the ITRC's advanced video analysis systems, analysis using Specto technology and additional statistical analysis. There were sessions covering the bowler's release and an assessment of each player's spare shooting.

In addition to on-lane instruction, the partici-

pants took part in classroom sessions on topics that included the physical game, bowling ball dynamics, ball motion dynamics and understanding the science of lane conditions and lane play.

Those aspects were especially attractive to Washington, as he indicated on his application.

For Smoot, who continues to excel in the sport despite having spinal fusion surgery in 2021, the weekend represented an opportunity to learn and give back to the sport.

"I want to take in everything I learn from this program and give back to my community," Smoot said. "There are people who want to immerse themselves in this sport, and I want to pioneer them to be the best bowlers that they can

tains, do you have your teammates’ contact information?

Interested in getting involved in association projects? You can serve on committees aimed at enhancing the bowling experience, work tournament events, work on building partnerships with pro shops, local businesses etc. Contact President Wolde.

Recent calls to the office include the following topics:

- Establishing an average: Some leagues still say that it takes three games to establish an average. What do you do when a bowler is unable to bowl three games? Rule 108c. When a bowler fails to complete his/her first game in order to establish an average, the frames bowled, will be declared null and void and a vacancy score used.
- Vacancy score: League determines the vacancy score and

handicap. Rule 112/6: A league can adopt a rule stating there will be no handicap given for a vacancy score or any other number they choose. While USBC recommends that the vacancy score receive the same handicap percentage the league utilizes for its regular members, Rule 112, Item b allows the league by rule to determine the percentage of handicap the vacancy score will receive.

- National rerate average: If a bowler receives a USBC National rerate average, they are required to use that average in all leagues and tournaments. Furthermore, their average remains the same for the entirety of the league season.
